CATALYTIC FINANCE PARTNER: EDGE GROWTH VENTURES

Edge Growth Ventures

Edge Growth creates meaningful social impact by partnering with corporates and growing Small and Medium Enterprises (SMEs). We grow SMEs by addressing the key constraints they face:

- Access to finance
- Access to corporate markets
- Access to skills

We partner with committed corporate clients to design and implement bespoke Enterprise and Supplier Development (ESD) solutions that create real business impact and supply chain transformation.

We have been doing this since 2007 and in this time gained real track record and have created more than 2 500 jobs to date.

Our services focus on three distinct areas:

- Assisting corporates with ESD Strategy and building SMEs in their value chain;
- Investing in and growing SMEs in line with specific impact criteria through fund management; and
- Helping to scale businesses to grow to their full potential through our accelerator programmes.

Edge Growth Ventures' Investment Mandate:

<i>Fund</i>	<i>Vumela ESD Fund</i>	<i>ASISA ESD Fund</i>
Black ownership / B-BBEE	Must be at least 51% black owned post-investment.	Must be at least 51% black owned post-investment i.e. the Fund is able to assist with transforming SMEs that are committed to transformation and that have shown initial steps towards transforming.
Supply-chain alignment	The Vumela Fund is managed on behalf of the FirstRand Group. Being an ESD fund, the focus is on supplier development thus funding is currently reserved for any business which falls into a corporate supply chain.	The ASISA Fund is an industry-wide ESD fund that looks to support SMEs that are existing suppliers or those that have strong potential to be suppliers to the insurance and investment industries (and the broader financial sector). Our ASISA members consist of SA's largest insurers and asset managers (e.g. Old Mutual, Discovery, Sanlam, Coronation, Allan Gray, etc.). However, for GOF, the ASISA ESD Fund is considering select SMEs that do not meet this criteria but fulfil/exceed all other criteria.
Business stage/size and investment required	<p>Early-stage growth phase: <u>Revenue:</u> >=R5m – strong preference for contracts in place within a corporate supply chain. <u>Investment required:</u> R5m – R10m <u>Investment horizon:</u> 3-5 years <u>Instruments:</u> Preferred Equity, Convertible Debt</p> <p>Later-stage growth/mature: <u>Revenue:</u> >=R20m – preference for SMEs that are cash flow positive.</p>	<p><u>Business stage:</u> Early-stage businesses in operation for at least 1 year (with evidence of sales/income over this period) will be considered, but more established SMEs are preferred <u>Revenue:</u> Preference for SMEs with revenue >=R5m and those that are cash flow positive although other strong growth prospects (e.g. contracts in place with corporates) will be considered in the absence of earnings <u>Investment required:</u> R15m – R50m preferred (but will consider >=R5m) <u>Investment horizon:</u> >=5 years <u>Instruments:</u> Debt, Mezzanine (incl. Convertible Debt), Equity</p>

	<p><u>Investment required:</u> R10m – R30m <u>Investment horizon:</u> 5-6 years <u>Instruments:</u> Debt, Mezzanine or Equity</p>	
Uses of funds	Capex, Working Capital or operating expenses	Capex, Working Capital, operating expenses or buy-out/buy-in for transformation deals
Target sectors for GOF	No mandatory sectors as long as the business meets <u>GreenCape’s Green SMME definition</u>	<p>Must meet <u>GreenCape’s Green SMME definition</u> and operate in one of the following sectors:</p> <ul style="list-style-type: none"> • Sustainable Energy (e.g. Renewables and Energy Storage) • Sustainable Waste Management (e.g. Recycling) • Water Conservation and Management • Peripheral sectors: Sustainable Agriculture and Clean Oceans
Social and/or Environmental Impact	High (will naturally have environmental impact but additional social impact will be an advantage)	High (will naturally have environmental impact but additional social impact will be an advantage)
Job creation potential	High	High
Growth potential	High – sizeable and growing market, and SME displays competitive advantage	High – sizeable and growing market, and SME displays competitive advantage
